## Rosewell School Officially Opened In North Kildonan

Official opening of the \$38,000 Rosewell school, Bird's Hill road and McLeod Avenue, North Kildonan, was held Monday evening in the school auditorium. The building is the first to be erected by the newly-formed McIvor school district.

Provincial, municipal and school board officials attended the ceremonies. The school will accommodate about 60 students from grades one to eight.

Construction on the wood frame stucco building began about three months after inception of the McIvor district last July.

The school consists of two classrooms, a basement and is equipped with new furnishings, oil burner, automatic fire alarm system and school van. It allows for addition of two classrooms when necessary.

Children will be transferred from two one-room schools in the district, Roosevelt and McIvor, Wednesday morning.

The new school district was formed by residents of wards three and four east of the Canadian Pacific railway's former main line.

Speakers at the opening ceremony included C. K. Rogers,

chief provincial school inspector; B. Scott Bateman, provincial department of education; Mayor J. T. Aitken, North Kildonan; and W. deGraff, chairman of McIvor school board.

E. Tomlinson, secretary-treasurer of the school district, reported a cash balance at the end of 1950 of \$12,712.

George Moran was unanimously elected by the meeting to act as school auditor for 1951. The board appointed James Coulter to a similar position.

## Move Out Oil Kildonan Dele

A delegation representing the four wards of East Kildonan asked the municipal council Monday night that an oil refinery at Munroe and Watt streets be removed from the municipality "in the interests of the health of children and residents."

The resolution drafted at a special ratepayers meeting on Jan. 5 objected to the building of the oil refinery.
